14th June 2011

FONTERRA SCIENCE ROADSHOW

The **Fonterra Science Roadshow** travels around New Zealand bringing learning opportunities to students in Science and Technology that would not usually be available in schools.

Students will get the opportunity to experiment with at least **65 hands on exhibits**. These experiments cover – **Heat, Light, Magnetism, Sound and Body & Health**.

They will also get to take part in two exciting demonstrations – **Scientific Pantry and Sparks, Arcs & Gherkins**.

This is a superb opportunity for students to reinforce ideas they have explored in their own Science Fair experiments and to experience new Science concepts.

The Fonterra Science Roadshow will be at school on **Monday, 4th July** and **Tuesday, 5th July** and there will be a cost of \$6.00 per student. There are only 200 spaces available so please send money to school as soon as possible, to avoid disappointment.

Please forward \$6.00 to your classroom teacher as soon as possible to cover the cost of this fantastic learning opportunity.
