Chromebooks:

With 157 BMIS Chromebooks provided to students, the Board of Trustees is hopeful that if your child was provided with a device, your child has enjoyed being able to connect, engage and be immersed in their continued learning journey. Thank you to most families for returning the BMIS and MOE Chromebooks to school. Without this Chromebook returned your child is not accessing a device at school and this is seriously limiting your child's learning. Feel free to drop them into us or send in with your child. We look forward to having all the Chromebooks back at school. The office has a master list of who has received Chromebooks, and will be following up with those that haven't been returned.

We look forward to having 100% of our students back on site on Monday, 25th May, in class, having fun, smiling, loving being back and continuing to strive and thrive as they progress their learning journeys.

Thank you for your continued support.

BMIS is UP & RACING!
